

# Fremont Municipal Airport

The airport is owned by the City of Fremont with a 5500' main runway capable of accommodating corporate jets.

There are approximately 50 aircraft based here as well as a local chapter of the Civil Air Patrol. Fremont Aviation is contracted as a fixed based operator.

## Services

Services include hanger rental, fuel depot, aircraft maintenance, aircraft rentals, flight training and aircraft restoration. Overnight indoor parking is also available on a first-come, first-serve basis.

- Fuel - Phillips 66 100LL and Jet A

## Aircraft Rentals

There are a Cessna 152 and a Cessna 172 available for rental. Currently the Cessna 152 rents for \$75.00 per hour and the Cessna 172 rents for \$100.00 per hour.

## Flight Training

Private instruction is available for \$21 per hour (\$23 per hour if it is in your aircraft).

Instrument training is \$23 per hour and ground school is \$11 per hour. The charge for Bi-annual flight review is \$56 per hour.

## Funding

Any major improvements are 95% funded by federal aviation fuel taxes, 2% by state funds and 3% by local funding. Daily operational costs are covered by airport rental fees.
