

APPLIED TECHNOLOGY CENTER Meet and Greet

**Programs attending: Auto Collision Technology, CDL Truck Driving
Diesel Technology, Utility Line and Fire Science Technology**

Metropolitan Community College is hosting a meet and greet at the Applied Technology Center to show current and potential students the features and benefits of working in the auto collision, CDL diesel, utility line and fire science industries.

Explore different career paths and take a tour of the College's facilities. Instructors, current students and advisors will be available to answer questions.

- Meet employers
- Interact with industry leaders
- Discuss career and internship opportunities
- Get to know your potential employers

**Metropolitan Community College
Applied Technology Center
10407 State St.
Tuesday, March 26 | 5-7 p.m.**
